

www.marvelousnutrition.com

Marvelous Nutrition company

is a nutritional supplement company established in Portugal to supply our clients with pharmaceutical grade nutritional supplements, partnering with the High Quality manufacturer which is CGMP, HACCP and ISO9001:2015 standards licensed. Integrity is our core value, starting from selecting our raw materials to choosing the right manufacturer that seeks the highest quality and ensures that all our formulas and products are free from banned substances, giving all our customers products that can be trusted 100% .

Our Quality Standards:

Marvelous nutrition has a very strong quality assurance system that starts from testing raw materials to the final product. We are CGMP Licensed, Halal products and all products are randomly tested and third party tested, making sure our clients are taking best products ever made that claim Nutrition facts. All products on Marvelous Nutrition are under strict quality controls that are carried out by certified laboratories with a great experience in this sector, ensuring the quality of each batch and offering you a truthful information of what every product contains, as it is shown on the label.

Our formulas have been designed based on researches and trials on sports professionals from many sports and some of them have been to the Olympic games and big Olympia events in bodybuilding. It took us a long time to reach to this exact formulas that serve our body in all directions giving us the real meaning of being a "superhero".

Our supplement line is covering all needs for any athlete in any sports, including online gaming. We encourage all athletes to try our products and send us back the feedback on our web site: WWW.MARVELOUSNUTRITION.COM

When you purchase a Marvelous Nutrition product, we guarantee it is the best in the market.

- **No Proprietary Blends**

Marvelous Nutrition product contains research backed ingredients at full clinical and real dosages.

- **No Artificial Junk**

There's strong evidence that regularly consuming artificial sweeteners, food dyes, and other artificial chemicals commonly found in supplements can be harmful to your health.

- **No False Marketing**

Most supplements cannot deliver even one-tenth of the overblown, scientifically false promises made on their product

A muscular man with a beard and tattoos is pushing a large, dark, layered object that resembles a giant book or a stack of papers. A vibrant red energy trail or smoke effect flows from the object, creating a sense of motion and power. The background is dark and industrial.

MAZE

Maze Premium Aminos will solve the mystery of muscle gains like no other! Now You can Grow All DAY

The perfect blend of Essential Amino Acids and extra innovative components suitable for use pre, intra, and post workouts to bring an edge to your muscles.

Branched-chain amino acids (BCAAs) supplements are signaling Muscle protein Synthesis but no Growth is complete without the presence of all the 9 Essential Amino acids (EAAs) that your body needs and can't make on its own.

- Promoting lean muscle production
- Increases anabolic capacity
- outstanding gains in muscle and strength, without the negative side effects of steroids or prohormones.
- Preserves muscle during high intensity workouts and diets
- Help in Burning Fat
- Removes Excess ammonia and Toxins from the body
- Increase Immune system Response

How to use : Take one scoop upon waking up and one scoop intra workout for best results , it can be mixed with Savior

RECHARGE

Bulk Up Clean and Get more lean !

Recharge is unique formula of Scientifically proven Ingredients that mimic Insulin ,A high-end glucose disposal agent GDA made to help convert Carbohydrates intake to help build muscle instead of being stored as body fat, Insulin is a powerful hormone for both Muscle Building and fat loss.

Recharge is such a popular supplement because it can be used to build muscle and burn fat on same time . On a bulk it prevents fat gain and helps harness the anabolic effects of insulin for muscle growth. On a cut it increases fat loss and helps keep muscles full while on a low carb diet.

The Unique formula contributes to

How to use : For off season gains take one capsule with every meal high in carbohydrates , for cutting use 3 capsules before cheat meals of 2to3 capsules with your largest meal of the day

SAVIOR

A post workout has finally arrived to save you after that extreme workout

Advanced science has led to the blend of the strongest amino acid agents of highest quality plus extra support agents for muscle growth and recovery, Savior Contains of blend of carbohydrates made of the famous cluster Dextrin to Replenish Glycogen storage also it contains Essential amino acids to make sure that the body is in an anabolic state beside creatine .

These Unique ingredients protect, preserve and replenish precious muscle glycogen and help you get an anabolic / anti-catabolic jump-start on recovering from your workouts. Another great benefit: it won't upset your stomach (unlike so many other formulas). Muscle building process needs adequate recovery which start the moment you end your workout.

- **Enhanced muscle growth**
- **Increasing strength and power**
- **fast Glycogen uptake into muscles after workout**
- **Increased strength and physical performance**

How to use : Take one scoop intra workout and sip it during workout or it can be used post workout to replenish glycogen
